Arrow's Thin Wire Staple Guns

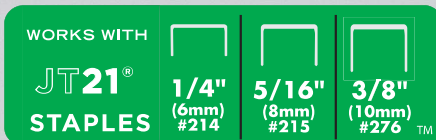

Arrow's thin wire staple guns can handle heavy duty work. The two JT21® models feature all-steel construction and a jam resistant mechanism, while the T27™ features an all-steel track and channel and a jam resistant mechanism. For staple guns with a small footprint, these Arrow tools can take on

the work load. They are perfect for jobs around the house or office, and they can be used for hanging posters and signs. These staple guns are perfect for crafts and hobbies as well. They all use 3 sizes of Arrow JT21® staples: 1/4", 5/16" and 3/8", which enable these tools to tackle almost any job.
